**automatic doors
for supermarkets**

There should not be any barriers in a supermarket. The establishment must be integrated into its environment, be perfectly accessible and facilitate the movement of customers.

Besides integrating and facilitating access, Manusa automatic doors constitute the best way to welcome customers: excellent reliability, absolute functionality and unequalled aesthetics.

Reliability

Our automatic doors provide unique services. The use of the latest state-of-the-art technology combined with strict quality controls ensure a perfect performance.

Aesthetics

Manusa automatic doors can be adapted to any architectonic design. In new projects or refurbishing works, you will always find a perfect Manusa door to suit all your needs. Each Manusa automatic door is unique thanks to the multiple possibilities in designs and finishing options.

Functionality

Entrances with limited space or those which require special functionalities are no longer a problem. Manusa can combine the most appropriate aesthetics with absolute functionality. Different combinations of accessories will adapt Manusa doors to any requirements.
